

ANNIVERSARY GREETINGS and ACKNOWLEDGMENTS

Mr. Vladimir Orlov,

The president of PIR Center

On behalf of Nowa Debata Foundation I wish to extend our heartiest congratulations to PIR Center for completing 20 glorious years of hard work and success.

The spirit, drive and hard work of your team made your organization what it represents today. With your research and educational projects you have gained much deserved recognition and joined the ranks of most authoritative analytical centers in Russia focusing on international security and Russian foreign policy.

We immensely appreciate the opportunity we had to attend one of your educational project, the Summer School of 2012. Since the mission of Nowa Debata is to raise awareness and stimulate debate on globally important issues, we fully support and share your interest in the problem of control and nonproliferation of weapons of mass destruction. We wish you all the success for many more years to come.

Wroclaw, 25.09.2014.

Aleksandra Kowalczyk

President of Nowa Debata Foundation
